

The **Inspire Fitness FT1 bench** is a commercial duty bench that can be used at multiple angles ensuring the correct body position on each exercise, with 6 position comfort back pad for decline, flat & incline exercises. Heavy duty contoured naugahyde pads provide excellent support and wheels mounted to the base allow you to roll the bench into position. Add more variety to your workouts by combining this bench with the Inspire Fitness SCS-LE Leg Extension attachment or the Inspire Fitness SCS-PC Preacher Curl attachment. The Inspire Fitness FID bench is also the perfect add on for the FT1 Functional Trainer, FT2 Functional Trainer, Inspire Fitness SCS and PT1.
