

The **PFX-180F folding bench** features 8 different incline adjustments, including flat and decline. It's constructed with a heavy 14 gauge steel frame and the wide 12" upholstery gives you extra support with added comfort. A quick adjustment pin allows you to fold under the support legs and fold the bench to under 10" off of the ground. Perfect for those where space is at a premium - it can slide under your bed or in the closet.

Pads	7cm thick, durable upholstered pads
