

INSPIRE
SCS Bench

The **Inspire Fitness SCS commercial adjustable bench** offers everything you would want in a commercial adjustable bench. The SCS bench design allows you to do flat, incline or decline workouts and offers a unique 56 position adjustment - **Flat, 30 degree incline, 45 degree decline, 65 degree decline, 85 degree incline & a superb 20 degree decline option.**

Add more variety to your workouts by combining this bench with the Inspire Fitness SCS-LE Leg Extension attachment or the Inspire Fitness SCS-PC Preacher Curl attachment. The heavy-duty 2" x 4" oval and 3" round 11 gauge tubular steel frame provides a sturdy and safe feel as you workout. The electrostatic powder coat offers a durable, maintenance free finish so that it continues to look new and stylish in your home or commercial gym.

Compatible with the Inspire Fitness FT2 Functional Trainer, Inspire Fitness FT1 Functional Trainer, Inspire Fitness SCS System and Inspire Fitness PT1
